Dada a dimensão do produto e devido às tolerâncias de planaridade permitidas (de acordo com as normas internacionais), recomendamos a aplicação em paralelo e, no caso de aplicação em contrafiada, no máximo, a ¼ da peça.

Given the product's size and due to the planar tolerances allowed (in accordance with international standards), we recommend the parallel application and, if applied interrupting the joints, we recommend a maximum ¼ application from the piece.

Étant donnée la dimension du produit et en raison des tolérances de planitude permises (conformément aux normes internationales), nous recommandons l'application en parallèle et, dans le cas d'application en contre-fil, au maximum d'¼ de la pièce.

Aufgrund der Produktabmessungen und der (nach internationalen Vorgaben) erlaubten Flächenabweichungen wird die Parallelverlegung empfohlen und bei Anschnitten die Verlegung von höchstens ¼ der Fliese.

Dada la dimensión del producto y debido a las tolerancias de planaridad permitidas (de acuerdo con las normas internacionales), le recomendamos la aplicación en paralelo y, en caso de aplicación en asiento, como máximo, a ¼ de la pieza.
